AMENDMENTS TO THE CLAIMS

Please cancel claims 19 - 25 as follows:

1.   (previously presented) A method for the resale of vehicles comprising the steps of:

downloading auction data for a plurality of auctions from a third party database;

storing said downloaded auction data in a system server, said auction data corresponding to a schedule of auctions for resale of vehicles;

providing access to said system server by way of a web site;

allowing a user to access said system server to consign a vehicle to one of said plurality of auctions;

inputting vehicle information about said vehicle into said system server;

said system server determining an adjusted floor price for said vehicle based upon said vehicle information;

consigning said vehicle by said system server by transmitting said adjusted floor price to said one of said plurality of auctions; and

notifying said one of said plurality of auctions of said vehicle consigned and said adjusted price to said one auction at said web site.

2.   (cancelled)

3.   (previously presented) The method of claim 1, wherein said vehicle information includes a vehicle identifier corresponding to the vehicle to be consigned and further comprising the steps of:

said system server utilizing said vehicle identifier to gather vehicle information regarding said vehicle at time of manufacture to determine a minimum value;

said system server prompting said user to add status information corresponding to changes in status of said vehicle since manufacture of said vehicle;
